## READY FOR A BATTLE

TWO GREAT ARMIES PREPARED  
FOR THE DECISIVE CONFLICT  
NEAR TASHICHIAO.

## BATTLE OFF PORT ARTHUR

RUSSIAN BATTLESHIP IS TORPE-  
DOED AND SUNK BY ONE OF  
THE JAP VESSELS.

Newchwang, June 27.—It is becom-  
ing clear that the two great armies,  
now practically facing each other, have  
in their engagements of the past week  
sought to win only a position for a  
decisive battle that cannot now be far  
away.  
Sharp assaults of Japanese on the  
east and west of the railroad, near Kai-  
ping, and north of that city, near  
Tashichiao, undoubtedly had for their  
purpose a plan to force Kurapatkin to  
fight south of Hacheng and to fight  
without delay a battle which, in the  
event of defeat, would have made his  
retreat perilous, if not impossible, be-  
cause of the forces which Kuroki has  
to the northeast threatening Liaoyang  
and Mukden.

## BATTLESHIP IS SUNK

RUSSIAN VESSEL IS TORPEDOED  
TWICE AND SENT TO THE  
BOTTOM BY JAPS.

London, June 27.—The Central News  
has received the following dispatch  
from its Tokio correspondent, dated  
June 26, evening:  
"A detailed account of the naval bat-  
tle at Port Arthur has just been pub-  
lished here.  
"The Russian battleships Peresviet,  
Polta and Sevastopol and the cruis-  
ers Bayan, Askold and Novik attempt-

Claimed that Dunn Has 500 Delegates Already

WILL CARRY HENNEPIN AND RAMSEY  
Dunn Has Enough Delegates Without These  
Counties to Cinch Nomination

SPECIAL TO THE DAILY DISPATCH.

St. Paul, Minn., June 27.—The following statement was  
made this afternoon:

"I have over 500 delegates already and will have enough  
to be nominated without Hennepin or Ramsey and am cer-  
tain to carry both these counties. The Collins claims are  
bluff and bluster.

R. C. DUNN.

ed to emerge from the harbor at dawn  
on June 23, led by the steamers used  
for clearing the mines. At 11 a. m. the  
battleships Czarevitch, Retvizan and  
Pobieda joined the others.  
"All the ships then advanced, en-  
deavoring to dispose of the mines laid  
by the Japanese, but they were hin-  
dered by two Japanese torpedo boat  
destroyers, which had been guarding  
the mouth of the harbor.

"At 3 p. m. the Japanese torpedo  
boats exchanged shots with seven  
Russian destroyers which were cover-  
ing the clearing operations. One of  
the Russian destroyers was set on fire  
and retired into the harbor.  
"Subsequently the Japanese decoyed  
the Russians out to sea and awaited an  
opportunity to begin a general action,  
but between 8 and 9 p. m. the Russian  
ships made for the harbor.

"The Japanese torpedo boat destroy-  
ers and torpedo boats chased the Rus-  
sians and at 9:30 closed the first  
attack, in consequence of which the  
enemy was thrown into disorder.

"During the night eight separate at-  
tacks were delivered, lasting until  
dawn of Friday.

"In one of the assaults the Chir-  
taka torpedoed a battleship of the  
Peresviet type and sank her. A  
battleship of the Sevastopol type and  
a cruiser of the Diana type were dis-  
abled and towed away.

"The Russian vessels re-entered the  
harbor during Friday.

"The newspapers published enlogis-  
tic articles upon Vice Admiral Togo's  
prompt action."

### MASSING AT TASHICHIAO.

Russian Troops Constantly Arriving at  
That Place.

Tashichiao, June 27.—Camps are be-  
ing formed about this town and troops  
are constantly arriving. The Russian  
scouts are keeping in touch with the  
enemy southward.

There is constant skirmishing.  
Trains are running north daily. Com-  
munication with Kaichou and New-  
chwang is unimpeded.

The presence of General Kurapatkin  
has greatly inspired the Russian troops  
and has evidently had an effect upon  
the Japanese.

The Japanese have fallen back on  
Senuchou, notwithstanding their suc-  
cess at Vafangow.

Everything points to action in this  
vicinity.

The Russian soldiers and war mate-  
rial are in splendid condition.

### REPORTED BY ALEXIEFF.

Russian Squadron Attacked Japanese  
Fleet at Port Arthur.

St. Petersburg, June 27.—Under  
date of June 25, Viceroy Alexieff tele-  
graphed the emperor as follows:

"Our Port Arthur squadron, com-  
manded by Rear Admiral Witthoft, con-  
sisting of six battleships, five cruis-  
ers and ten torpedo boats, put to sea  
at 8 o'clock on the morning of June 23.

"According to reports received from  
the signal stations on the Liao-  
shan promontory the ships went out  
without accident.

"When our naval vessels reached  
open water the enemy's fleet, consist-  
ing of nine large ships, of which three  
were battleships, and twenty-two tor-  
pedo boats, was sighted on the hori-  
zon.

"Our squadron attacked the enemy.  
"Up to the present I have received  
no news of the result of the fighting."

### THREE VESSELS DAMAGED.

Japs Evidently Suffered in Recent Na-  
val Battle.

Chefoo, June 27.—A Chinese who  
has arrived here from the vicinity of  
Port Arthur in a junk reports that at  
daylight last Friday morning he saw  
two large Japanese ships and three  
torpedo boats withdrawing from the  
fleet off Port Arthur. The vessels were  
all damaged.

One Killed and Two Injured.

Marquette, Mich., June 27.—John  
Hentela was killed, Andrew Lehta fa-  
tally injured and Robert Ward seriously  
injured by a premature explosion in  
the Jukla mine. Hentela's head was  
blown from his body.

### SUPPRESS NEWS OF DISASTER.

Russian Authorities Not Giving Out  
Results of Naval Battle.

St. Petersburg, June 27.—Up to Sun-  
day night the Japanese report of the  
loss of three Russian ships at Port  
Arthur has not been published, though  
the authorities have allowed to be  
printed a statement that the squadron  
had made a sortie and also the news  
of the loss of Japanese torpedo boat  
destroyers. Some of the papers have  
even commented with satisfaction on  
the prospect of the fight on the open  
sea, where the merits of the two fleets  
would be fairly tested.

An official explanation of the sup-  
pression of the Japanese report is that  
the admiralty is unwilling to unne-  
cessarily alarm the public by the cir-  
culation of such statements entirely  
on the authority of the enemy and in  
the absence of definite advices from  
the commander at Port Arthur.

It is also suggested that there has  
been a fight and that the Japanese  
have minimized their losses and ex-  
aggerated the Russian loss, with a view  
to appreciate Japan is endeavoring to  
float.

On the other hand, a naval attaché  
at one of the embassies said that Ad-  
miral Witthoft, naval commander at  
Port Arthur, lost one battleship and  
two cruisers, but in the absence of de-  
tails there was a hesitation to believe  
the ships struck mines, the admiralty  
not believing in the face of the les-  
sons taught by the injuries to the Ret-  
vizan and Petropavlovsk that the ad-  
miral would have remained in the  
outer harbor all night, thus inviting a  
dash by Japanese torpedo boats.

In high court and army and naval  
circles, where the report of the Port  
Arthur affair has been freely circu-  
lated, the Japanese version is received  
with considerable reserve.

### JAPS ARE AROUSED.

Claim Russia Does Not Furnish Infor-  
mation About Prisoners.

Tokio, June 27.—The failure of the  
Russians to furnish information con-  
cerning Japanese prisoners of war in  
their possession is arousing a strong  
feeling of resentment here. Japan's  
attitude concerning Russian prisoners  
is most correct. Careful reports of the  
condition of Russian prisoners are pre-  
pared and forwarded weekly to the  
Russians through the American gov-  
ernment. The case of Major Togo is  
attracting special attention, as the  
Japanese claim that he was captured  
before the outbreak of hostilities and  
hurried to Moscow. Numerous ef-  
forts have been made to obtain infor-  
mation regarding Togo, but so far they  
have failed.

The Japanese are extremely solici-  
tous concerning their countrymen  
who are confined in Russia. They fear  
that they will be placed in prisons and  
there badly treated.

It is probable that the American gov-  
ernment will be asked to make point-  
ed inquiries at St. Petersburg con-  
cerning the present condition of Ja-  
panese prisoners and to arrange a sys-  
tem of regular reports.

### Kaw River Rising Steadily.

Kansas City, Mo., June 27.—The  
Kaw river rose more than four feet  
here during the past twenty-four hours  
and it is still rising steadily. No se-  
rious damage has resulted from the  
high water here. At Topeka the Kaw  
is falling slowly, indicating that the  
crest of the high water caused by the  
recent heavy rains, has passed there.

### Yale's Commencement Week.

New Haven, Conn., June 27.—Yale's  
commencement was formally opened  
Sunday, when President Arthur T.  
Hadley delivered the baccalaureate ad-  
dress in Woolsey hall, Yale's magnif-  
icent new auditorium. There are a  
large number of commencement guests  
here from all parts of the country.

## KILLS HER CHILDREN

CHICAGO WOMAN ALSO ENDS HER  
OWN LIFE BY MEANS OF IL-  
LUMINATING GAS.

### CAUSED BY DESPONDENCY

HUSBAND WAS INSANE AND THE  
FAMILY WAS OUT OF BOTH  
FOOD AND FUNDS.

Chicago, June 27.—Threatened with  
starvation and with her husband hope-  
lessly insane in the asylum at Kankakee,  
Mrs. Anna Kelsdzick gave up the  
struggle for existence, killed her three  
small children and then ended her own  
life. Illuminating gas was the means  
of destruction that she adopted and  
when the bodies were found early Sun-  
day all four had been dead several  
hours.

The family lived in three small  
rooms at 965 North Robie street and  
Sunday a constable was to eject the  
mother and her babies from the prem-  
ises for non-payment of rent. It was  
after Mrs. Kelsdzick had been served  
with the summons to appear in court  
that she decided to end the lives of  
herself and little ones. The three chil-  
dren, Bruno, Herman and Walter, aged  
seven, five and two years, respectively,  
were found in bed locked in each other's  
arms. The mother's lifeless body  
was found lying on the kitchen floor,  
while the gas was escaping from a jet in  
the room.

That the woman made every prepa-  
ration to do away with herself and  
children was evident. She first wrote  
and sealed a letter addressed to a rela-  
tive in Germany. Then she bathed  
herself and donned clean linen. Each  
child had been given a bath, clean  
night gowns placed upon them and  
the little ones sent to the sleep from  
which they would never awaken.

Several months ago Kelsdzick, who  
was out of work, became insane from  
brooding over his troubles and was  
sent to the asylum. The mother, who  
was in poor health, then had a hard  
struggle for existence. Last week  
she became so ill that she was unable  
to work any more and spent her last  
dollar for food for herself and children  
Saturday. With ejection from her  
home staring her in the face and with  
no money in her possession to procure  
another, Mrs. Kelsdzick took the  
lives of her babies and her own to end  
her troubles.

### MOB LYNCHES A NEGRO.

Sterling Dunham Hunted Down and  
Killed.

Europa, Miss., June 27.—Sterling  
Dunham, a negro wanted on the charge  
of criminally assaulting the fourteen-  
year-old daughter of John Wilson, a  
white man, near Bellefontaine two  
weeks ago, and attempting to criminally  
assault another young lady named  
Dunn, near this city, was hanged in  
the public square here Sunday by an  
angry mob. The noose was placed  
about the negro's neck by the little  
Wilson girl, who positively identified  
him as her assailant. The negro was  
placed upon the back of a black horse,  
and at a signal from the leader of the  
mob the little Wilson girl led the horse  
from under him.

Fully 3,000 persons, white and black,  
witnessed the hanging. The lynching  
was as orderly as a legal execution.  
After being assured that the negro  
was dead the mob cut down the body  
and turned it over to relatives for bur-  
ial.

Dunham was captured Friday near  
Vienna, Ala., after a running chase,  
during which he was twice wounded.

### HUSBAND AND WIFE KILLED.

Their Automobile Is Struck by an  
Electric Car.

Chicago, June 27.—While crossing  
the tracks of the Aurora, Elgin and  
Chicago Electric railroad near a short  
bend in Austin, Sunday, in an auto-  
mobile, George E. Dixon, head of the  
George F. Dixon apparatus, manufactur-  
ers of heating apparatus, and his wife  
were killed in a collision with an elec-  
tric car. Mr. Dixon's death was in-  
stantaneous. Mrs. Dixon lived about  
five minutes after the accident, but  
did not regain consciousness. Her  
body was partly burned by the gaso-  
line that escaped from the automobile  
and caught fire.

### IOWA COBBLER FOUND DEAD.

His Head Is Almost Severed From His  
Body.

Des Moines, Ia., June 27.—Thomas  
Callahan was found dead Sunday upon  
the floor of his little cobbler's shop,  
where he lived alone. His head had  
been almost severed from his body by  
one blow of his shoe knife, which was  
found clenched in his hand. It was  
thought he had been dead several days  
before the body was discovered. The  
police are working upon a theory of  
murder, as the room presents the ap-  
pearance of having been the scene of a  
terrible struggle. Efforts are being  
made to locate his daughter living in  
Nevada, Ia.

### Without Precedent in Peru.

Lima, Peru, June 27.—Amid perfect  
order 20,000 men of all classes in Li-  
ma and the suburbs paraded through  
the center of the city Sunday proclaim-  
ing General Nicholas de Pierola as a  
candidate for the presidency. The  
scene was one without precedent in  
Peru.

## FIGHTING HAS BEGUN

TWO JAPANESE ARMIES UNDER  
OKU AND KUROKI ARE STRIK-  
ING TOGETHER.

Shanghai, June 27.—There is  
fighting now on the Liaotung penin-  
sula, thirty miles north of Tientsin  
and forty miles east of Kaiping, the two  
Japanese armies under Kuroki and  
Oku striking together.

The Russians are vacating New-  
chwang, a couple of hundred remain-  
ing, and the Japanese are expected  
within a week.

### RUSSIANS BURN DWELLINGS.

Ravage Korean Cities and Maltreat  
the Inhabitants.

Seoul, June 27.—A telegram received  
here from Gensan, Korea, reports that  
Russian troops have burned numerous  
dwelling houses in the towns of Kilju  
and Hamhung, and that at the latter  
place women were subjected to ill  
treatment. One thousand Russian  
troops are commandeering live stock,  
foods and carts from a wide area in  
Northwest Korea. These men are on  
their way to Vladivostok and will  
cross the Tumen river by means of  
recently constructed bridges.

There are three cases of cholera  
here. The men affected are natives,  
and the disease has not appeared  
among the Japanese troops.

### BATTLES ARE INDECISIVE.

But They Show That the Japanese  
Are Moving Forward.

Liaoyang, June 27.—Reports of fight-  
ing between the advance guard reg-  
iments are continually coming in. The  
battles are indecisive but they show  
that the Japanese are moving forward  
regularly on all fronts. This is cor-  
roborated in official dispatches.

Members of the Red Cross, together  
with noncombatants who are desirous  
of witnessing the fighting, are leaving  
southward daily.

### OKU'S ARMY WITHDRAWING.

Said to Have Abandoned Idea of Join-  
ing Kuroki.

Liaoyang, June 27.—The Second  
Japanese army under General Oku is  
withdrawing all along the line, having  
apparently abandoned the intention  
of effecting a juncture with General  
Kuroki's army.

### OVER ELEVEN HUNDRED MEN.

Total Loss of the Japs at the Battle  
of Vafangow.

Tokio, June 27.—The Japanese casu-  
alties in the battle of Telissu (Va-  
fangow), June 15, were 7 officers and  
210 men killed and 903 men wounded.

### WILL MAKE KEYNOTE SPEECH.

Congressman Williams to Preside at  
St. Louis Convention.

New York, June 27.—Members of  
the Democratic national committee  
now here say that John Sharp Wil-  
liams, Democratic leader in congress,  
undoubtedly will be the temporary  
chairman of the St. Louis convention  
and will make the keynote speech. It  
is expected that his selection will be  
ratified next week in St. Louis.

Senator Bailey of Texas has been  
mentioned for permanent chairman of  
the convention, but it is believed to be  
unlikely that both presiding officers  
will be chosen from the South.

### Strikers Win Their Point.

Boston, June 27.—After being on  
strike for several weeks to enforce the  
closed shop rule the striking lathers of  
Boston and vicinity have come to an  
understanding with their employers so  
that in the future only men carrying  
the union card will be able to procure  
employment.

### Rabbis Meet at Louisville.

Louisville, Ky., June 27.—One hun-  
dred and fifty rabbis each representing  
one or more congregations of the Re-  
formed Jewish church in America, are  
in Louisville to attend the fifteenth  
annual conference of rabbis. The busi-  
ness sessions will be held daily, June  
27, 28, 29 and 30.

### LUETGERT'S FACTORY BURNED.

Sausage Plant of the Wife Murderer  
Destroyed by Fire.

Chicago, June 27.—The building used  
as a sausage factory by Adolph Luet-  
gert, who died in Joliet penitentiary  
while serving a life sentence for the  
murder of his wife, was destroyed  
by fire Sunday. The vat in which  
Luetgert is supposed to have destroyed  
the body of his wife were burned with  
the rest of the building. The loss on  
the building and contents is \$100,000.

## PROHIBITION CONVENTION.

Will Be Held at Indianapolis During  
the Present Week.

Indianapolis, June 27.—The national  
Prohibition convention will meet in  
Tomlinson hall here Tuesday. The  
state chairman and secretaries will  
meet Tuesday afternoon; the oratori-  
cal contest will occur in the evening,  
and the national committee will also  
meet in the evening, and the first ses-  
sion of the convention will open at 10  
a. m., Wednesday, with National Chair-  
man Oliver W. Stewart, of Chicago,  
presiding.

The nominations for president and  
vice president will not be made until  
Thursday afternoon. It is still an open  
question whether General Nelson A.  
Miles would accept the nomination for  
the presidency. He has left for an  
unknown summer resort without leav-  
ing any definite statement behind.

## VERY HOT IN NEW YORK CITY.

One Death and Eleven Cases of Pros-  
tration From Heat.

New York, June 27.—One death and  
eleven cases of prostration have been  
reported as the result of the excessive  
heat here Sunday. Agnes Emmet, a  
widow, was taken to the hospital Sun-  
day with three self-inflicted bullet  
wounds in her head. The woman said  
she was crazed by the heat. Albert  
Runkel, twenty-one years old, a sailor  
on the U. S. S. Hancock, was picked  
up on the street overcome by the heat  
and carried to the hospital in a serious  
condition. The temperature for the  
past twenty-four hours averaged 11 de-  
grees higher than the average tempera-  
ture of the corresponding date during  
the last twenty-five years. At noon  
the thermometer registered 90 degrees.

## REGARDS INCIDENT AS CLOSED.

Haytien Government Thinks Apologies  
Will Satisfy France and Germany.

Port au Prince, Hayti, June 27.—  
There is no confirmation here of the  
reports that France and Germany are  
about to send warships to Haytien wa-  
ters in consequence of the attack on  
the respective ministers of those coun-  
tries by the palace guards at Port au  
Prince. The French and German min-  
isters are awaiting instructions from  
their governments.

The Haytien government, however,  
regards the incident as closed by the  
forwarding of apologies, while the  
press is silent concerning the affair.

## PERDICARIS AFFAIR IS OVER.

City of Tangier Has Resumed Life  
as Though Nothing Had Happened.

London, June 27.—The Tangier cor-  
respondent of the Daily Telegraph says  
that the city of Tangier has resumed  
life as though nothing had happened.  
The Perdicaris affair is over and no  
developments are expected.

Rear Admiral Chadwick landed a  
band from the American fleet Sunday  
evening and for the first time in Mor-  
occo a concert was given by foreign  
musicians, much to the delight of the  
Moorish population.

## GUIDI DIES IN MANILA

## VATICAN'S REPRESENTATIVE IN

THE PHILIPPINES PASSED  
AWAY SUNDAY.

Washington, June 27.—A cablegram  
was received at the war department  
Sunday from Manila announcing the  
death there Sunday of Archbishop  
Guidi.

Monsignore Guidi was sent to the  
Philippine islands nearly two years  
ago as the representative of the va-  
tican in the negotiations with the Phil-  
ippine commissioners for the sale of  
the friar lands to the American gov-  
ernment. An agreement was reached  
early in December last by Governor  
Taft and the friars. The settlement  
provided for the purchase of 403,000  
acres, comprising all the friar lands  
in the islands. The price paid for the  
lands was \$7,250,000.

## HULK OF THE GENERAL SLOCUM.

Crowds Line the River to See It Towed  
to Erie Basin.

New York, June 27.—Crowds with  
heads bowed and uncovered lined both  
sides of East river Sunday as the  
blackened hulk of the General Slocum  
was towed to a dock in Erie basin,  
where it is to be inspected by the  
federal authorities. The flags on the  
tugs having the wreck in tow were at  
half mast and when passing Barretto  
point, where the Slocum sank, and  
where so many lost their lives, the  
flags were dipped. All the craft in the  
harbor dipped their flags as the flotilla  
passed.

One more body, that of a woman  
badly burned and not yet identified,  
was recovered Sunday.

FOR THE DECISIVE CONFLICT  
NEAR TASHICHIAO.

## BATTLE OFF PORT ARTHUR

RUSSIAN BATTLESHIP IS TORPE-  
DOED AND SUNK BY ONE OF  
THE JAP VESSELS.

Newchwang, June 27.—It is becom-  
ing clear that the two great armies,  
now practically facing each other, have  
in their engagements of the past week  
sought to win only a position for a de-  
cisive battle that cannot now be far  
away.

Sharp assaults of Japanese on the  
east and west of the railroad, near Kai-  
ping, and north of that city, near  
Tashichiao, undoubtedly had for their  
purpose a plan to force Kuropatkin to  
fight south of Hancheng and to fight  
without delay a battle which, in the  
event of defeat, would have made his  
retreat perilous, if not impossible, be-  
cause of the forces which Kuroki has  
to the northeast threatening Liaoyang  
and Mukden.

## BATTLESHIP IS SUNK

RUSSIAN VESSEL IS TORPEDOED  
TWICE AND SENT TO THE  
BOTTOM BY JAPS.

London, June 27.—The Central News  
has received the following dispatch  
from its Tokyo correspondent, dated  
June 26, evening:

"A detailed account of the naval bat-  
tle at Port Arthur has just been pub-  
lished here.

ers Bayan, Askold and Novik attempt-

SPECIAL TO THE DAILY DISPATCH.

St. Paul, Minn., June 27.—The following statement was  
made this afternoon:

to be nominated without Hennepin or Ramsey and am cer-  
tain to carry both these counties. The Collins claims are

ed to emerge from the harbor at dawn  
on June 23, led by the steamers used  
for clearing the mines. At 11 a. m. the  
battleships Czarevitch, Retvizan and  
Pobieda joined the others.

"All the ships then advanced, en-  
deavoring to dispose of the mines laid  
by the Japanese, but they were hin-  
dered by two Japanese torpedo boat  
destroyers, which had been guarding  
the mouth of the harbor.

"At 3 p. m. the Japanese torpedo  
boats exchanged shots with seven  
Russian destroyers which were cover-  
ing the clearing operations. One of  
the Russian destroyers was set on fire  
and retired inside the harbor.

"Subsequently the Japanese decoyed  
the Russians out to sea and awaited an  
opportunity to begin a general action,  
but between 8 and 9 p. m. the Russian  
ships made for the harbor.

"The Japanese torpedo boat destroy-  
ers and torpedo boats chased the Rus-  
sians and at 9:30 delivered the first  
attack, in consequence of which the  
enemy was thrown into disorder.

"During the night eight separate at-  
tacks were delivered, lasting until  
dawn of Friday.

"In one of the assaults the Chira-  
taka twice torpedoed a battleship of  
the Peresviet type and sank her. A  
battleship of the Sevastopol type and  
a cruiser of the Diana type were dis-  
abled and towed away.

"The Russian vessels re-entered the  
harbor during Friday.

"The newspapers published eulogis-  
tic articles upon Vice Admiral Togo's  
prompt action."

### MASSING AT TASHICHIAO.

Russian Troops Constantly Arriving at  
That Place.

Tashichiao, June 27.—Camps are be-  
ing formed about this town and troops  
are constantly arriving. The Russian  
scouts are keeping in touch with the  
enemy southward.

There is constant skirmishing.  
Trains are running north daily. Com-  
munication with Kaichou and New-  
chwang is unimpeded.

The presence of General Kuropatkin  
has greatly inspired the Russian troops  
and has evidently had an effect upon  
the Japanese.

The Japanese have fallen back on  
Senuchen, notwithstanding their suc-  
cess at Vafangow.

Everything points to action in this  
vicinity.

The Russian soldiers and war mate-  
rial are in splendid condition.

### REPORTED BY ALEXIEFF.

Russian Squadron Attacked Japanese  
Fleet at Port Arthur.

St. Petersburg, June 27.—Under  
date of June 25, Viceroy Alexieff tel-  
egraphed the emperor as follows:

"Our Port Arthur squadron, com-  
manded by Rear Admiral Witthoft, con-  
sisting of six battleships, five cruis-  
ers and ten torpedo boats, put to sea  
at 8 o'clock on the morning of June 23.

"According to reports received from  
the signal stations on the Liaothie-  
shan promontory the ships went out  
without accident.

"When our naval vessels reached  
open water the enemy's fleet, consist-  
ing of nine large ships, of which three  
were battleships, and twenty-two tor-  
pedo boats, was sighted on the hori-  
zon.

"Our squadron attacked the enemy.  
Up to the present I have received  
no news of the result of the fighting."

### THREE VESSELS DAMAGED.

Japs Evidently Suffered in Recent Na-  
val Battle.

Chefoo, June 27.—A Chinese who  
has arrived here from the vicinity of  
Port Arthur in a junk reports that at  
daylight last Friday morning he saw  
two large Japanese ships and three  
torpedo boats withdrawing from the  
fleet off Port Arthur. The vessels were  
all damaged.

### One Killed and Two Injured.

Marquette, Mich., June 27.—John  
Hentela was killed, Andrew Lehta fa-  
tally injured and Robert Ward seriously  
injured by a premature explosion in  
the Hekla mine. Hentela's head was  
blown from his body.

### SUPPRESS NEWS OF DISASTER.

Russian Authorities Not Giving Out  
Results of Naval Battle.

St. Petersburg, June 27.—Up to Sun-  
day night the Japanese report of the  
loss of three Russian ships at Port  
Arthur has not been published, though  
the authorities have allowed to be  
printed a statement that the squadron  
had made a sortie and also the news  
of the loss of Japanese torpedo boat  
destroyers. Some of the papers have  
even commented with satisfaction on  
the prospect of the fight on the open  
sea, where the merits of the two fleets  
would be fairly tested.

An official explanation of the sup-  
pression of the Japanese report is that  
the admiralty is unwilling to unne-  
cessarily alarm the public by the cir-  
culation of such statements entirely  
on the authority of the enemy and in  
the absence of definite advices from  
the commander at Port Arthur.

It is also suggested that there has  
been a fight and that the Japanese  
have minimized their losses and ex-  
aggerated the Russian losses, with a  
view to appreciate the new loan which,  
it is understood Japan is endeavoring  
to float.

On the other hand, a naval attache  
at one of the embassies said that Ad-  
miral Witthoft, naval commander at  
Port Arthur, lost one battleship and  
two cruisers, but in the absence of de-  
tails there was a hesitation to believe  
the ships struck mines, the admiralty  
not believing in the face of the les-  
sons taught by the injuries to the Ret-  
vizan and Petropavlovsk that the ad-  
miral would have remained in the  
outer harbor all night, thus inviting a  
dash by Japanese torpedo boats.

In high court and army and naval  
circles, where the report of the Port  
Arthur affair has been freely circulat-  
ed, the Japanese version is received  
with considerable reserve.

### JAPS ARE AROUSED.

Claim Russia Does Not Furnish Infor-  
mation About Prisoners.

Tokio, June 27.—The failure of the  
Russians to furnish information con-  
cerning Japanese prisoners of war in  
their possession is arousing a strong  
feeling of resentment here. Japan's  
attitude concerning Russian prisoners  
is most correct. Careful reports of the  
condition of Russian prisoners are pre-  
pared and forwarded weekly to the  
Russians through the American gov-  
ernment. The case of Major Togo is  
attracting special attention, as the  
Japanese claim that he was captured  
before the outbreak of hostilities and  
hurried to Moscow. Numerous ef-  
forts have been made to obtain infor-  
mation regarding Togo, but so far they  
have failed.

The Japanese are extremely solici-  
tous concerning their countrymen  
who are confined in Russia. They fear  
that they will be placed in prisons and  
there badly treated.

It is probable that the American gov-  
ernment will be asked to make point-  
ed inquiries at St. Petersburg con-  
cerning the present condition of Jap-  
anese prisoners and to arrange a sys-  
tem of regular reports.

### Kaw River Rising Steadily.

Kansas City, Mo., June 27.—The  
Kaw river rose more than four feet  
here during the past twenty-four hours  
and it is still rising steadily. No se-  
rious damage has resulted from the  
high water here. At Topeka the Kaw  
is falling slowly, indicating that the  
crest of the high water caused by the  
recent heavy rains, has passed there.

### Yale's Commencement Week.

New Haven, Conn., June 27.—Yale's  
commencement was formally opened  
Sunday, when President Arthur T.  
Hadley delivered the baccalaureate ad-  
dress in Woolsey hall, Yale's magnifi-  
cent new auditorium. There are a  
large number of commencement guests  
here from all parts of the country.

## KILLS HER CHILDREN

CHICAGO WOMAN ALSO ENDS HER  
OWN LIFE BY MEANS OF IL-  
LUMINATING GAS.

### CAUSED BY DESPONDENCY

HUSBAND WAS INSANE AND THE  
FAMILY WAS OUT OF BOTH  
FOOD AND FUNDS.

Chicago, June 27.—Threatened with  
starvation and with her husband hope-  
lessly insane in the asylum at Kanka-  
kee, Mrs. Anna Kelsdzick gave up the  
struggle for existence, killed her three  
small children and then ended her own  
life. Illuminating gas was the means  
of destruction that she adopted and  
when the bodies were found early Sun-  
day all four had been dead several  
hours.

The family lived in three small  
rooms at 965 North Robie street and  
Sunday a constable was to eject the  
mother and her babies from the prem-  
ises for non-payment of rent. It was  
after Mrs. Kelsdzick had been served  
with the summons to appear in court  
that she decided to end the lives of  
herself and little ones. The three chil-  
dren, Bruno, Herman and Walter, aged  
seven, five and two years, respectively,  
were found in bed locked in each other's  
arms. The mother's lifeless body was  
found lying on the kitchen floor,  
while the gas was escaping from a jet  
in the room.

That the woman made every prepa-  
ration to do away with herself and  
children was evident. She first wrote  
and sealed a letter addressed to a re-  
lative in Germany. Then she bathed  
herself and donned clean linen. Each  
child had also been given a bath, clean  
night gowns placed upon them and  
the little ones sent to the sleep from  
which they would never awaken.

Several months ago Kelsdzick, who  
was out of work, became insane from  
brooding over his troubles and was  
sent to the asylum. The mother, who  
was in poor health, then had a hard  
struggle for existence. Last week  
she became so ill that she was unable  
to work any more and spent her last  
dollar for food for herself and children  
Saturday. With ejection from her  
home staring her in the face and with  
no money in her possession to procure  
another, Mrs. Kelsdzick took the  
lives of her babies and her own to end  
her troubles.

### MOB LYNCHES A NEGRO.

Sterling Dunham Hunted Down and  
Hanged.

Europa, Miss., June 27.—Sterling  
Dunham, a negro wanted on the charge  
of criminally assaulting the fourteen-  
year-old daughter of John Wilson, a  
white man, near Bellefontaine two  
weeks ago, and attempting to criminally  
assault another young lady named  
Dunn, near this city, was hanged in  
the public square here Sunday by an  
angry mob. The noise was placed  
about the negro's neck by the little  
Wilson girl, who positively identified  
him as her assailant. The negro was  
placed upon the back of a black horse,  
and at a signal from the leader of the  
mob the little Wilson girl led the horse  
from under him.

Fully 3,000 persons, white and black,  
witnessed the hanging. The lynching  
was as orderly as a legal execution.  
After being assured that the negro  
was dead the mob cut down the body  
and turned it over to relatives for bur-  
ial.

Dunham was captured Friday near  
Vienna, Ala., after a running chase,  
during which he was twice wounded.

### HUSBAND AND WIFE KILLED.

Their Automobile Is Struck by an  
Electric Car.

Chicago, June 27.—While crossing  
the tracks of the Aurora, Elgin and  
Chicago Electric railroad near a short  
bend in Austin, Sunday, in an automo-  
bile, George E. Dixon, head of the  
George F. Dixon company, manufacturers  
of heating apparatus, and his wife  
were killed in a collision with an elec-  
tric car. Mr. Dixon's death was in-  
stantaneous. Mrs. Dixon lived about  
five minutes after the accident, but  
did not regain consciousness. Her  
body was partly burned by the gaso-  
line that escaped from the automobile  
and caught fire.

### IOWA COBBLER FOUND DEAD.

His Head Is Almost Severed From His  
Body.

Des Moines, Ia., June 27.—Thomas  
Callahan was found dead Sunday upon  
the floor of his little cobbler's shop,  
where he lived alone. His head had  
been almost severed from his body by  
one blow of his shoe knife, which was  
found clenched in his hand. It is  
thought he had been dead several days  
before the body was discovered. The  
police are working upon a theory of  
murder, as the room presents the ap-  
pearance of having been the scene of  
a terrible struggle. Efforts are being  
made to locate his daughter living in  
Nevada, Ia.

### Without Precedent in Peru.

Lima, Peru, June 27.—Amid perfect  
order 20,000 men of all classes in Li-  
ma and the suburbs paraded through  
the center of the city Sunday proclaim-  
ing General Nicholas de Pierola as a  
candidate for the presidency. The  
scene was one without precedent in  
Peru.

## FIGHTING HAS BEGUN

TWO JAPANESE ARMIES UNDER  
OKU AND KUROKI ARE STRIK-  
ING TOGETHER.

Shanhaiwan, June 27.—There is  
fighting now on the Liaotung penin-  
sula, thirty miles north of Telissu and  
forty miles east of Kaiping, the two  
Japanese armies under Kuroki and  
Oku striking together.

within a week.

### RUSSIANS BURN DWELLINGS.

Ravage Korean Cities and Maltreat  
the Inhabitants.

Seoul, June 27.—A telegram received  
here from Gensan, Korea, reports that  
Russian troops have burned numerous  
dwelling houses in the towns of Killu  
and Hamhung, and that at the latter  
place women were subjected to ill  
treatment. One thousand Russian  
troops are commandeering live stock,  
foods and carts from a wide area in  
Northwest Korea. These men are on  
their way to Vladivostok and will  
cross the Tumen river by means of  
recently constructed bridges.

There are three cases of cholera  
here. The men affected are natives,  
and the disease has not appeared  
among the Japanese troops.

### BATTLES ARE INDECISIVE.

But They Show That the Japanese  
Are Moving Forward.

Liaoyang, June 27.—Reports of fight-  
ing between the advance guard reg-  
iments are continually coming in. The  
battles are indecisive but they show  
that the Japanese are moving forward  
regularly on each front. This is cor-  
roborated in official dispatches.

Members of the Red Cross, together  
with noncombatants who are desirous  
of witnessing the fighting, are leaving  
southward daily.

### OKU'S ARMY WITHDRAWING.

Said to Have Abandoned Idea of Join-  
ing Kuroki.

Liaoyang, June 27.—The Second  
Japanese army under General Oku is  
withdrawing all along the line, having  
apparently abandoned the intention  
of effecting a juncture with General Ku-  
roki's army.

of Vafangow.

gow), June 15, were 7 officers and  
210 men killed and 993 men wounded.

### WILL MAKE KEYNOTE SPEECH.

St. Louis Convention.

the Democratic national committee  
now here say that John Sharp Wil-  
iams, Democratic leader in congress,  
undoubtedly will be the temporary  
chairman of the St. Louis convention  
and will make the keynote speech. It  
is expected that his selection will be  
ratified when the national committee  
gathers next week in St. Louis.

Senator Bailey of Texas has been  
mentioned for permanent chairman of  
the convention, but it is believed to be  
unlikely that both presiding officers  
will be chosen from the South.

Destroyed by Fire.

Chicago, June 27.—The building used  
as a sausage factory by Adolph Luet-  
gert, who died in Joliet penitentiary  
while serving a life sentence for the  
murder of his wife, was destroyed

Luetgert is supposed to have destroyed  
the body of his wife were burned with  
the rest of the building. The loss on  
the building and contents is \$100,000.

heads bowed and uncovered lined both

blackened hulk of the General Slocum  
was towed to a dock in Erie basin,  
where it is to be inspected by the  
federal authorities. The flags on the  
tugs having the wreck in tow were at  
half mast and when passing Barretto  
point, where the Slocum sank and  
where so many lost their lives, the  
flags were dipped. All the craft in the  
harbor dipped their flags as the flotilla  
passed.

One more body, that of a woman  
badly burned and not yet identified,  
was recovered Sunday.

the presidency. He has left for an  
unknown summer resort without leav-  
ing any definite statement behind.

grees higher than the average tempera-  
ture of the corresponding date during  
the last twenty-five years. At noon  
the thermometer registered 90 degrees.

## REGARDS INCIDENT AS CLOSED.

Will Satisfy France and Germany.

Port au Prince, Hayti, June 27.—  
There is no confirmation here of the  
reports that France and Germany are  
about to send warships to Haytien wa-

the respective ministers of those coun-  
tries by the palace guards at Port au  
Prince. The French and German min-

ago as the representative of the vat-  
ican, in the negotiations with the Phil-

early in December last by Governor  
Taft and the friars. The settlement

acres, comprising all the friar lands  
in the islands. The price paid for the  
lands was \$7,250,000.

Pepps tells in his diary that in the reign of King Charles II. a customer bargaining with a London merchant for claret hired a confederate to "thunder (which he had the art of doing upon a deal board) and to rain and hail—that is, make the noise of—so as to give them a pretense of undervaluing their merchant's wines, by saying this thunder would spoil and turn them, which was so reasonable to the merchant that he did abate 2 pilsols per tun for the wine in belief of that."

## BURGLARS AT IT AGAIN

### The Barber Shop of John Cochran Entered Saturday Night and Ransacked

### NOT MUCH BOOTY SECURED

### Entrance Effected Through Window Which Was Deftly Broken and Raised.

There does not seem to be any let up by the hairy fingered individuals who are working their graft just at present in the city, for Saturday night again another place of business was touched up, not bad however, but it was no fault of those who got busy that night that they did not get a rich haul.

The barber shop of John Cochran was the scene of the operations on Saturday night. The burglars took no pains at all about how they got in and it was right in the alley leading to the furnace room of the First National bank that the fine work was done.

A large window just south of the entrance to the barber shop was deftly broken open and the intruder reached around with his hand and pulled the catch out and raised the window.

Once inside the burglar had easy access to what there was lying around but there was not much of value that they could carry away very conveniently. Mr. Cochran himself took his razors home with him so they did not get anything from his desk except two old razors which were of little value. The implements of war belonging to the other barbers working for Mr. Cochran were also under safe lock and key.

The burglar ransacked all the cash drawers in the place, but nothing was left there so he did not get anything. It was no fault of the burglar that he did not get something.

Mr. Cochran has no idea who the guilty party is, but the police have been notified and they are investigating.

### Story of a Close Call Which John Bishop, of Gull Lake, Had a Few Days Ago at His Home

No one could ever doubt the word of Prof. Hanft, the genial principal of the Brainerd high school, and when he tells of an incident which occurred a few days ago at Bishop's on Gull Lake when old man John Bishop had a narrow escape from being killed by lightning, it must certainly be taken for granted.

Ordinarily, however, a man would be taken for a string fiend or a "pipe" artist if he told such a story. But Prof. Hanft has several witnesses who will testify as to the veracity of the following: The other afternoon during the big wind and rain storm John Bishop, who has been working pretty hard, went to his bedroom to lay down for a rest. His bed was located just beneath a pipe hole, the hole being almost over the head of the bed. The bed lay alongside the wall. There was a common lard pail cover shoved into the pipe hole for the summer.

As Mr. Bishop lay on the bed asleep a bolt of lightning struck the chimney, shattered it to smithereens and the current passed down and came out through the pipe hole. The small pail cover was thrown clear across the room and the soot and smoke filled the room in an instant. The electric current passed from the pipe hole to the two posts at the foot of the bed, and one of them was shattered to pieces and the other was also split down the center. The shock was so great that the bed was lifted up and all the castors fell out of the bed posts. Mr. Bishop was not even given a good shock and escaped without turning a hair, although he was pretty badly scared. There were several people in the house, next room to the bedroom where Mr. Bishop was, and they were not injured at all, in fact, did not feel the bolt.

## ELKS DONE UP BROWN

### The Brainerd Team Did Things to the Elks' Team Yesterday Afternoon-- Brainerd Win from Verndale

There was a game of ball at the Brainerd Athletic park yesterday afternoon when the Elk team attempted to go up against the first team of Brainerd. Some one suggested that it might have been a closer contest had it not been for the fact there was too much Boyle on the team against the Elks. "Jim" Boyle was on the rubber for the Elks and S. E. Engbretson was behind the bat. Boyle was batted all over the field and when the final score was counted it sized up 16 to 3 in favor of the regular Brainerd team. Mattson was doing the twirling for the local team and while he was hit for quite a few the drives were all eaten up like so much apple sauce at a country picnic and it was not until the last inning that the Elk team scored at all. The game was for the benefit of the regular Brainerd team and they will buy suits with the proceeds. The Elk team did as well as they expected against the kids, who of late have been showing considerable speed both in the field and at the bat. It was good sport for an hour or so and all who attended the game enjoyed it because it was all good natured and between local men.

Brainerd 6; Verndale 0.

The Brainerd base ball team went over to Verndale Saturday afternoon to put the finishing touches on the base ball aggregation of that city. The boys from Verndale way really imagined they could play ball with the locals so it stood them in hand to show them right. Vic Roderick, a new find by the locals, a brother of "Bud" Roderick, was scheduled to turn the trick and he did it up in fine shape. He went into the box and pitched good ball, allowing but two or three dinky hits. He had gilt edge support, however, and so the team shut Verndale out. This will probably be the last game played with Verndale unless they get something stronger that they have to dish up.

Mattson was doing the twirling for the local team and while he was hit for quite a few the drives were all eaten up like so much apple sauce at a country picnic and it was not until the last inning that the Elk team scored at all. The game was for the benefit of the regular Brainerd team and they will buy suits with the proceeds. The Elk team did as well as they expected against the kids, who of late have been showing considerable speed both in the field and at the bat. It was good sport for an hour or so and all who attended the game enjoyed it because it was all good natured and between local men.

Brainerd 6; Verndale 0.

The Brainerd base ball team went over to Verndale Saturday afternoon just to put the finishing touches on the base ball aggregation of that city. The boys from Verndale way really imagined they could play ball with the locals so it stood them in hand to show them right. Vic Roderick, a new find by the locals, a brother of "Bud" Roderick, was scheduled to turn the trick and he did it up in fine shape. He went into the box and pitched good ball, allowing but two or three dinky hits. He had gilt edge support, however, and so the team shut Verndale out. This will probably be the last game played with Verndale unless they get something stronger that they have to dish up.

## LILLIPUTIAN DRESS REHEARSAL.

The event for June in this city will be the appearance at the Brainerd opera house of the little tots under the direction of Miss Grace E. Barker in a bright musical sketch called, "The Dress Rehearsal" next Thursday evening. The little folks, numbering about twenty-five, are doing excellent work and it is really wonderful how they have mastered their lines. The stars in the cast have been selected from the brightest children in the city schools and they have learned with remarkable aptitude the ways of the stage. The performance will be pleasing and interesting and being something out of the ordinary should be well patronized. The little folks act like grown people, they are dressed this way and they give every appearance on the stage of being old time actors and actresses.

RESULT OF A DISASTER AT  
NEW YORK CITY.

Kremmerer, Wyo., June 27.—A report has reached here that ten men have lost their lives at Kendall's logging camp on the headwaters of the Green river, southeast of this place. It is said the accident was caused by the bursting of a flume. The report cannot be verified.

## FIVE PERSONS DROWNED.

Yacht Overturns During a Heavy Storm at New York.

New York, June 27.—Forty persons were drowned in the lay off Fifty-seventh street, Brooklyn, by the overturning of the thirty-eight foot sloop yacht Elsie and Katie in a heavy storm that swept over New York Sunday. Eight other persons who were on the yacht at the time were rescued by members of the Second naval battalion, who put out in whaleboats from their armory at the foot of Fifty-second street.

Those drowned are Mrs. Kate Clarke, of Brooklyn, wife of Peter Clarke, owner of the yacht, her two daughters, Lizzie, aged ten, and Louise, aged four; her two-year-old niece, Mamie Clarke, and Lizzie Iason, sixteen years old. The bodies of Mrs. Clarke and of Mamie Clarke have been recovered.

## AGED COUPLE RUN DOWN.

St. Paul Man Killed and His Wife Injured by a Street Car.

St. Paul, June 27.—Within a few steps of the door of the church where they had been attending services, James A. Neff and his wife, an aged couple, were run down by a street car at the corner of Lyndhurst and University avenues Sunday afternoon at 1 o'clock. Neff was fatally injured and died as he reached St. Joseph's hospital. His wife was seriously injured. Neff and his wife were crossing the tracks to board a car which had almost stopped at the crossing, when the car started forward and struck Mr. Neff, throwing him against his wife and crushing his legs under the wheels.

## DEATHS BY DROWNING.

Four Fatalities Occur in Vicinity of Buffalo, N. Y.

Buffalo, N. Y., June 27.—By the capsize of his canoe, Frederick J. Miller, of Truscott & Miller, grain merchants, was Sunday drowned in Park lake while thousands were near by listening to a band concert.

About half a mile west of that place Joseph Good also met his death by drowning while another man, a laborer, had a similar fate, and the body of a fisherman was cast ashore.

Aged Ohio Man and His Wife Meet Tragic Death.

Cleveland, June 27.—Christopher Freese, a former city councilman, and his wife Louisa, both over sixty years old, were struck by a Lake Shore electric car Sunday while crossing the tracks on the Clifton boulevard and killed. The man's heart in some strange manner was forced from his body and was found lying at the side of the body.

## RESIDENTS TERRORIZED.

Tramps and Hoodlums Create a Reign of Terror in Wisconsin.

Racine, June 27.—Residents at Corliss and along the line of the Milwaukee road are terrorized on account of the depredations and crimes committed by hundreds of hoodlums and tramps who infest that locality. Gardens are ruined, everything in them being stolen, houses are entered, cars robbed and people assaulted. Trains are pelted with rocks and one of them was struck and knocked senseless Sunday. A dozen or more officers are now at work rounding up the worst of the crowd. Ten arrests have been made.

## DOWIE ON KING EDWARD.

M. & ST. L. THE HIGHWAY OF THE NORTHWEST.

Banner Outing of the M. E. A.—Dedication of the Minnesota Building—Wonderland of Palace and Products—The Committee Endorsed.

## Dedicating Minnesota Building.

The exercises of Minnesota day, when the state building was dedicated, brought most of them together. This was on Tuesday. Gov. Van Sant and his staff, the members of the state exposition commission and many other Minnesotans attended. The exercises were simple but sufficient. The Philippine Constabulary band furnished the music. There were two delightful solos by Miss Maloney of Hopkins to relieve the tedium of the speeches. President C. F. MacDonald of the Association was in the chair and congratulated the commission on the admirable work it had done. President Francis of the Exposition made an address of welcome, thanking the Minnesota congressional delegation for their aid in Washington, and especially Congressman Tawney for his share in the work. It was a graceful and dignified tribute to Minnesota's share and assistance in the exposition. Conde Hamlin, chairman of the state commission, then turned the building over to Gov. Van Sant in a well delivered speech. He said that it was the privilege of but few men to build cities, or to govern them, but that President Francis had both built and was presiding over a city reared by his hand. He said the exposition would form one of the greatest object lessons of the future. Gov. Van Sant responded, accepting the building for the state. The governor's introduction was jolly, after which he gave an exhaustive resume of Minnesota's resources, growth and development.

Congressman Tawney was then introduced and delivered an able address. He concluded by saying that the enormous amount of work and fabulous wealth expended in collecting material from every section of the globe should not be wasted, but made a lasting benefit to the world. He urged wider and more effective advertising for the fair.

Messrs. J. M. Underwood and Theodore Hays, other members of the commission, also spoke with reference to their work and its result. The addresses were closed by C. W. Stanton on behalf of the Minnesota Editorial association. He referred neatly to the editorial interest in the fair and the fruit it had borne, and paid a fitting and thoughtful tribute to Minnesota's energy and progressiveness, closing with a graceful expression of thanks to the commission and to Mr. Mitchell for their various kindnesses to the editors.

## Unfurling the National Colors.

Lastly came the flag raising, which took place on the grassy lawn at the side of the building. The band played the "Star Spangled Banner." As the music began Miss Minnie Sota Whitney, the daughter of Capt. Whitney, pulled a cord and unfurled an immense American flag in front of the building. When the beautiful ensign broke out and floated aloft the crowd burst into enthusiastic cheers. The enthusiasm was warranted, for it was as pretty a scene as one would wish to see. The cool brightness of the day, the flag, the blue and gold of the staff costumes, the animated faces of the onlookers, the stirring music, and, most of all, the lovely young girl at the foot of the flag staff, all contributed their share to the picture. Following this ceremony, the "official photograph" was taken with the strong architecture of the Minnesota building as a background, the governor and staff, the commission and the editorial party grouping themselves in front. Refreshments were served to all who called, a caterer and his men doing the serving.

The Minnesota building serves admirably the purpose for which it was intended by the commission, that of a home and rallying and resting place for the Minnesota people who visit the exposition. With its furnishings it cost about one-fifth of the total appropriation made by the legislature of this state. Its general plan and architecture are satisfactory, and, were it standing alone, there would be no criticism, but because it is much smaller than most of the other state buildings by which it is surrounded, many members of the editorial party were disappointed, and will doubtless pay their respects to the legislators who held down the appropriation to its present limit.

## Automobile Ride.

Wednesday was Automobile day for the editors. This was a complimentary ride in the Fay exposition automobiles around the city of St. Louis and environs, tendered officially by the Minnesota Exposition commission to the Minnesota Editorial association. The governor and his staff also got in under the same canvas. There was room for all, and the ride was heartily enjoyed.

## "The Pike" Rare and Clean.

Perhaps it would be fair to call Wednesday "Pike day." Nothing official was doing on that day, and a large share of the party went to the amusement end of the fair, though of course it was also the place where many of them could be found each evening. The Pike at the St. Louis exposition is the biggest and best array of entertainments of its kind ever brought together at a great fair. The amount of capital invested is enormous. One of the concessions alone represents a cost of nearly a million dollars, and half a million apiece has been spent on several others. Not only is the Pike expensive and extensive, but it is clean. This is not the place for a critical estimate

of each show and entertainment, but it is perfectly true that a visit to any one of them selected at random, or to all of them, will give the visitor more than his money's worth and will not shock him beyond a safe voltage. It was the subject of general remark that the Pike people were among the most courteous and gentlemanly at the fair, one of whose strongest points is the uniform and unfailing courtesy of every person in any official position. A Coney Island "barker" would have several kinds of fits at the liberties taken on the Pike with that important and haughty class; and everybody, the "barkers" included, seem to think it is all right.

## Inland Type Foundry.

On Thursday the editors accepted an invitation of the Messrs. Schraubgatters to visit the Inland Type Foundry, a model manufacturing of type and printers' supplies. The party was attentively shown the various processes on the seven floors of the building, timely entertained with a sumptuous lunch, and presented with numerous souvenirs of a most instructive and pleasant visit. Not the least attraction of the Inland was the presence of our old Minnesotan, Frank Verbeck, whose recent management of the Chicago branch has but added to his geniality and good fellowship.

## Tribute to President MacDonald.

One of the pleasant episodes of the trip took place here in the presentation to President C. F. MacDonald of a beautiful gold watch and chain, the association's appreciative comment on his courtesy, thoughtfulness and devotion to its welfare. In his appropriate speech of presentation, C. W. Stanton referred to President MacDonald's ability and high standing, which had contributed to bring him the presidency of the association; and gave a beautifully eloquent comparison between Col. MacDonald's virtues and the various features of the timepiece. President MacDonald had a neat response, saying among other things that the kind things said about him, and the beautiful gift itself, were far less applicable to the president than to the executive committee of the Association, who had borne the lion's share of the responsibility and work.

## Steamboat Excursion.

On Saturday morning the committee arranged for a steamboat excursion on the Mississippi river, which was thoroughly enjoyed by nearly two hundred people. Mr. W. B. Reed of Hastings was instrumental in securing the courtesies of his friend, Capt. Anthony, of the staunch steamboat "Purchase," for this occasion. This boat, with its stateroom barge, will make trips between St. Paul and St. Louis during the exposition season.

## Where Will J. White Blew in.

Saturday evening the most delightfully arranged program of the week was carried out—a reception to the association, given at the Canada building by Will J. White, auditor of the Canadian land department, and acting for the Dominion government. The building is one of the most beautiful and attractively arranged on the grounds, and on that evening, with its artistic decorations of grains and banners, its flowers and plants and many lights, it presented a particularly brilliant appearance. Fischer's Orchestra of the "Inside Inn," one of the best on the grounds, attended and played for dancing, and while the refreshments were being served. The speeches were brief. Mr. White, the host, welcomed his guests and incidentally referred to Canada's development during recent years. Mr. White is an old friend of the Minnesota editors. His kindness and unceasing efforts for their pleasure on the several Canadian trips of the association are still fresh and green in memory. They owe him much, and his courtesy at St. Louis adds another link to the chain of kindly remembrance in which he is held. President MacDonald responded in fitting words for the association. Theodore Kneppen, of the Minneapolis Journal, spoke briefly of the work of colonizing the far northwest, and H. P. Hall brought the formal program to a close by one of his characteristic little talks. The remainder of the evening was devoted to dancing and the younger members of the excursion had what their feet had been aching for all the week. The feet of the older ones had been aching from other causes.

## Homeward Bound.

Sunday at 2 o'clock p. m. the editors took their last look at the magnificent display of architecture at the fair, and started for home. The ever attentive Minneapolis & St. Louis road had its train on the spot on time, and the start was made on time. During the entire week there had not been one feature that could fairly be termed disagreeable. Weather, people, hotels, railroads, the fair itself,—all had been pleasant; the week one of unalloyed enjoyment.

## Endorsing the Committee.

At the stop for supper at those hospitable Morbierly hotels the last formal event of the trip took place. It might have been called "An appreciation" for it was a suitably drafted testimonial of esteem and thanks to the hard working executive committee of the association signed "by every gentleman on the excursion," as President MacDonald explained in his speech of presentation. He assured the committee that the signatures carried with them more than a mere perfunctory formality, and meant the earnest and heartfelt gratitude of the signers. He then read the resolutions, as follows:

## "Minnesota Editorial Association.

Inside Inn, St. Louis, June 12, 1904. The undersigned members of the Minnesota Editorial Association, participants in the excursion to the Louisiana Purchase Exposition, feeling a deep sense of obligation to our most efficient Executive Committee, consisting of Chas. C. Whitney, Frank J. Meyst and H. P. Hall, and the secretary, C. P. Stine, take this method of expressing to these tried, faithful and efficient officers our high appreciation of their services to the Association and our warm personal regard for them as gentlemen, as editors and as a committee.

We further feel that the complete success of this excursion is due to their experience in securing concess-

sions, to their energy in carrying out every detail, and to their constant and watchful care in looking after the comfort and pleasure of our party. In our opinion, as expressed by Mr. William J. White, of the Canadian Land Department, last evening, in an address at the Canadian building, no editorial association in the United States has so able and efficient a committee, and we agree with him that their services should be long retained.

We beg to assure Messrs. Whitney, Meyst, Hall and Stine of our high regard for them personally, and our great appreciation of their services to the Association.

There were loud calls for the committee, who found they had another duty which they could not delegate to anybody. As usual they faced it manfully. F. J. Meyst said if the editors were pleased and satisfied, that was more than enough reward for him. Capt. C. C. Whitney said this had been the largest excursion and the most easily handled one of any in the history of the association since his connection with it. H. P. Hall spoke of his 35 years of service in and for the association, and said he was willing to continue in the same line 35 years more. The three speakers said other things but the hotel management was waiting for them to attend to settlement details—more duties—so they all cut it short, and the episode ended with the encore yell:

Gopher, Gopher, Gopher State, Editors, Editors, wise and great, Boomalacka, Boomalacka, 'Rah, 'Rah, 'Rah, Editors, Editors, Min-ne-so-tah."

## Accident Mars Pleasures.

The last day's ride on the excursionists homeward bound was saddened by the news of the shocking fall from the cars of Miss Amy Olson, representing the A. O. U. W. Guide of St. Paul. The newspapers have already told the story of her terrible plunge from the open vestibule; she mistook for an entrance passage; of the discovery of her absence; of the return of Capt. Whitney, accompanied by Mrs. Potter, who was chaplaining her, to the scene of the accident; and the later and happier news that her injuries, while serious, will not prove fatal.

The party reached St. Paul at about 4 o'clock Monday afternoon, June 13, and departed on various trains for home.

## Acknowledgements.

The editors owe thanks to many persons for the pleasures of their trip:

RESULT OF A DISASTER AT  
NEW YORK CITY.

Kremmerer, Wyo., June 27.—A report has reached here that ten men have lost their lives at Kendall's logging camp on the headwaters of the Green river, southeast of this place. It is said the accident was caused by the bursting of a flume. The report cannot be verified.

## FIVE PERSONS DROWNED.

Yacht Overturns During a Heavy  
Storm at New York.

New York, June 27.—Five persons were drowned in the bay off Forty-seventh street, Brooklyn, by the overturning of the thirty-eight-foot sloop yacht Elsie and Katie in a heavy storm that swept over New York Sunday. Eight other persons who were on the yacht at the time were rescued by members of the Second naval battalion, who put out in whaleboats from their armory at the foot of Fifty-second street.

Those drowned are Mrs. Kate Clarke, of Brooklyn, wife of Peter Clarke, owner of the yacht, her two daughters, Lizzie, aged ten, and Louise, aged four; her two-year-old niece, Marnie Clarke, and Lizzie Iason, sixteen years old. The bodies of Mrs. Clarke and of Marnie Clarke have been recovered.

## AGED COUPLE RUN DOWN.

St. Paul Man Killed and His Wife Injured by a Street Car.

St. Paul, June 27.—Within a few steps of the door of the church where they had been attending services, James A. Neff and his wife, an aged couple, were run down by a street car at the corner of Lyndhurst and University avenues Sunday afternoon at 1 o'clock. Neff was fatally injured and died as he reached St. Joseph's hospital. His wife was seriously injured. Neff and his wife were crossing the tracks to board a car which had almost stopped at the crossing, when the car started forward and struck Mr. Neff, throwing him against his wife and crushing his legs under the wheels.

## DEATHS BY DROWNING.

Four Fatalities Occur in Vicinity of Buffalo, N. Y.

Buffalo, N. Y., June 27.—By the capsizing of his canoe, Frederick J. Miller, of Truscott & Miller, grain merchants, was Sunday drowned in Park lake while thousands were near by listening to a band concert.

About half a mile west of that place Joseph Good also met his death by drowning while another man, a laborer, had a similar fate, and the body of a fisherman was cast ashore.

The man's heart in some strange manner was forced from his body and was found lying at the side of the body.

## RESIDENTS TERRORIZED.

Tramps and Hoodlums Create a Reign  
of Terror in Wisconsin.

Racine, June 27.—Residents at Corliss and along the line of the Milwaukee road are terrorized on account of the depredations and crimes committed by hundreds of hoodlums and tramps who infest that locality. Gardens are ruined, everything in them being stolen, houses are entered, cars robbed and people assaulted. Trainmen are pelted with rocks and one of them was struck and knocked senseless Sunday. A dozen or more officers are now at work rounding up the worst of the crowd. Ten arrests have been made.

## Dedicating Minnesota Building.

The exercises of Minnesota day, when the state building was dedicated, brought most of them together. This was on Tuesday. Gov. Van Sant and his staff, the members of the state exposition commission and many other Minnesotians attended. The exercises were simple but sufficient. The Philippine Constabulary band furnished the music. There were two delightful solos by Miss Maloney of Hopkins to relieve the tedium of the speeches. President C. F. Macdonald of the Association was in the chair and congratulated the commission on the admirable work it had done. President Francis of the Exposition made an address of welcome, thanking the Minnesota congressional delegation for their aid in Washington, and especially Congressman Tawney for his share in the work. It was a graceful and dignified tribute to Minnesota's share and assistance in the exposition. Conde Hamlin, chairman of the state commission, then turned the building over to Gov. Van Sant in a well delivered speech. He said that it was the privilege of but few men to build cities, or to govern them, but that President Francis had both built and was presiding over a city reared by his hand. He said the exposition would form one of the greatest objects of the future. Gov. Van Sant responded, accepting the building for the state. The governor's introduction was jolly, after which he gave an exhaustive resume of Minnesota's resources, growth and development. Congressman Tawney was then introduced and delivered an able address. He concluded by saying that the enormous amount of work and fabulous wealth expended in collecting material from every section of the globe should not be wasted, but made a lasting benefit to the world. He urged wider and more effective advertising for the fair.

Messrs J. M. Underwood and Theodore Hays, other members of the commission, also spoke with reference to their work and its result. The addresses were closed by C. W. Stanton on behalf of the Minnesota Editorial association. He referred nearly to the editorial interest in the fair and the fruit it had borne, and paid a fitting and thoughtful tribute to Minnesota's energy and progressiveness, closing with a graceful expression of thanks to the commission and to Mr. Mitchell for their various kindnesses to the editors.

## Unfurling the National Colors.

Lastly came the flag raising, which took place on the grassy lawn at the side of the building. The band played the "Star Spangled Banner." As the music began Miss Minnie Sota Whitney, the daughter of Capt. Whitney, pulled a cord and unfurled an immense American flag in front of the building. When the beautiful ensign broke out and floated aloft the crowd burst into enthusiastic cheers. The enthusiasm was warranted, for it was as pretty a scene as one would wish to see. The cool brightness of the day, the flag, the blue and gold of the staff costumes, the animated faces of the onlookers, the stirring music, and, most of all, the lovely young girl at the foot of the flag staff, all contributed their share to the picture. Following this ceremony, the "official photograph" was taken with the strong architecture of the Minnesota building as a background, the governor and staff, the commission and the editorial party grouping themselves in front. Refreshments were served to all who called, a caterer and his men doing the serving.

The Minnesota building serves admirably the purpose for which it was intended by the commission, that of a home and rallying and resting place for the Minnesota people who visit the exposition. With its furnishings it cost about one-fifth of the total appropriation made by the legislature of this state. Its general plan and architecture are satisfactory, and, were it standing alone, there would be no criticism, but because it is much smaller than most of the other state buildings by which it is surrounded, many members of the editorial party were disappointed, and will doubtless pay their respects to the legislature who held down the appropriation to its present limit.

## Automobile Ride.

Wednesday was Automobile day for the editors. This was a complimentary ride in the Fay exposition automobiles around the city of St. Louis and environs, tendered officially by the Minnesota Exposition commission to the Minnesota Editorial association. The governor and his staff also got in under the same canvas. There was room for all, and the ride was heartily enjoyed.

## "The Pike" Rare and Clean.

Perhaps it would be fair to call Wednesday "Pike day." Nothing official was doing on that day, and a large share of the party went to the amusement end of the fair, though of course it was also the place where many of them could be found each evening. The Pike at the St. Louis exposition is the biggest and best array of entertainments of its kind ever brought together at a great fair. The amount of capital invested is enormous. One of the concessions alone represents a cost of nearly a million dollars, and half a million apiece has been spent on several others. Not only is the Pike expensive and extensive, but it is clean. This is not the place for a critical estimate

of each show and entertainment, but it is perfectly true that a visit to any one of them selected at random, or to all of them, will give the visitor more than his money's worth and will not shock him beyond a safe voltage. It was the subject of general remark that the Pike people were among the most courteous and gentlemanly at the fair, one of whose strongest points is the uniform and unfailing courtesy of every person in any official position. A Coney Island "barker" would have several kinds of fits at the liberties taken on the Pike with that important and haughty class, and everybody, the "barkers" included, seem to think it is all right.

## Inland Type Foundry.

On Thursday the editors accepted an invitation of the Messrs. Schraubgatters to visit the Inland Type Foundry, a model manufactory of type and printers' supplies. The party was attentively shown the various processes on the seven floors of the building, timely entertained with a sumptuous lunch, and presented with numerous souvenirs of a most instructive and pleasant visit. Not the least attraction of the Inland was the presence of our old Minnesotan, Frank Verbeck, whose recent management of the Chicago branch has but added to his geniality and good fellowship.

## Tribute to President Macdonald.

One of the pleasant episodes of the trip took place here in the presentation to President C. F. Macdonald of a beautiful gold watch and chain, the association's appreciative comment on his courtesy, thoughtfulness and devotion to its welfare. In his appropriate speech of presentation, C. W. Stanton referred to President Macdonald's ability and high standing, which had contributed to bring him the presidency of the association; and gave a beautifully eloquent comparison between Col. Macdonald's virtues and the various features of the timepiece. President Macdonald had a neat response, saying among other things that the kind things said about him, and the beautiful gift itself, were far less applicable to the president than to the executive committee of the Association, who had borne the lion's share of the responsibility and work.

## Steamboat Excursion.

On Saturday morning the committee arranged for a steamboat excursion on the Mississippi river, which was thoroughly enjoyed by nearly two hundred people. Mr. W. B. Reed of Hastings was instrumental in securing the courtesies of his friend, Capt. Anthony, of the staunch steamboat "Purchase," for this occasion. This boat, with its stateroom barge, will make trips between St. Paul and St. Louis during the exposition season.

## Where Will J. White Blew in.

Saturday evening the most delightfully arranged program of the week was carried out—a reception to the association, given at the Canada building by Will J. White, auditor of the Canadian land department, and acting for the Dominion government. The building is one of the most beautiful and attractively arranged on the grounds, and on that evening, with its artistic decorations of grains and banners, its flowers and plants and many lights, it presented a particularly brilliant appearance. Fischer's Orchestra of the "Inside Inn," one of the best on the grounds, attended and played for dancing, and while the refreshments were being served, the speeches were brief. Mr. White, the host, welcomed his guests and incidentally referred to Canada's development during the past years. Mr. White is an old friend of the Minnesota editors. His kindness and unceasing efforts for their pleasure on the several Canadian trips of the association are still fresh and green in memory. They owe him much, and his courtesy at St. Louis adds another link to the chain of kindly remembrance in which he is held. President Macdonald responded in fitting words for the association. Theodore Kneppen, of the Minneapolis Journal, spoke briefly of the work of colonizing the far northwest, and H. P. Hall brought the formal program to a close by one of his characteristic little talks. The remainder of the evening was devoted to dancing and the younger members of the excursion had what their feet had been aching for all the week. The feet of the older ones had been aching from other causes.

## Homeward Bound.

Sunday at 2 o'clock p. m. the editors took their last look at the magnificent display of architecture at the fair, and started for home. The ever attentive Minneapolis & St. Louis road had its train on the spot on time, and the start was made on time. During the entire week there had not been one feature that could fairly be termed disagreeable. Weather, people, hotels, railroads, the fair itself,—all had been pleasant; the week one of unalloyed enjoyment.

## Endorsing the Committee.

At the stop for supper at those hospitable Morberly hotels the last formal event of the trip took place. It might have been called "An appreciation," for it was a suitably drafted testimonial of esteem and thanks to the hard working executive committee of the association signed "by every gentleman on the excursion," as President Macdonald explained in his speech of presentation. He assured the committee that the signatures carried with them more than a mere perfunctory formality, and meant the earnest and heartfelt gratitude of the signers. He then read the resolutions, as follows:

## "Minnesota Editorial Association.

Inside Inn, St. Louis, June 12, 1904. The undersigned members of the Minnesota Editorial Association, participants in the excursion to the Louisiana Purchase Exposition, feeling a deep sense of obligation to our most efficient Executive Committee, consisting of Chas. C. Whitney, Frank J. Meyst and H. P. Hall, and the secretary, C. P. Stine, take this method of expressing to these tried, faithful and efficient officers our high appreciation of their services to the Association and our warm personal regard for them as gentlemen, as editors and as a committee.

We further feel that the complete success of this excursion is due to their experience in securing conces-

sions, to their energy in carrying out every detail, and to their constant and watchful care in looking after the comfort and pleasure of our party. In our opinion, as expressed by Mr. William J. White, of the Canadian Land Department, last evening, in an address at the Canadian building, no editorial association in the United States has so able and efficient a committee, and we agree with him that their services should be long retained.

We beg to assure Messrs. Whitney, Meyst, Hall and Stine of our high regard for them personally, and our great appreciation of their services to the Association.

There were loud calls for the committee, who found they had another duty which they could not delegate to anybody. As usual they faced it manfully. F. J. Meyst said if the editors were pleased and satisfied, that was more than enough reward for him. Capt. C. C. Whitney said this had been the largest excursion and the most easily handled one of any in the history of the association since his connection with it. H. P. Hall spoke of his 38 years of service in and for the association, and said he was willing to continue in the same line 38 years more. The three speakers said other things but the hotel management was waiting for them to attend to settlement details—more duties—so they all cut it short, and the episode ended with the encore yell:

Gopher, Gopher, Gopher State, Editors, Editors, wise and great, Boomalacka, Boomalacka, "Rah, "Rah, "Rah, Editors, Editors, Min-ne-so-tah."

## Accident Mars Pleasures.

The last day's ride on the excursionists homeward bound was saddened by the news of the shocking fall from the cars of Miss Amy Olson, representing the A. O. U. W. Guide of St. Paul. The newspapers have already told the story of her terrible plunge from the open vestibule which she mistook for an entrance passage; of the discovery of her absence; of the return of Capt. Whitney, accompanied by Mrs. Potter, who was chaperoning her, to the scene of the accident; and the later and happier news that her injuries, while serious, will not prove fatal.

The party reached St. Paul at about 4 o'clock Monday afternoon, June 13, and departed on various trains for home.
